Staff Code of Conduct

1. Policy

This Code of Conduct sets out the obligations and professional standards required of all members of staff at **Raysfield Schools Federation** to ensure that staff are aware of illegal, unsafe, unprofessional and unwise behaviour, particularly in relation to safeguarding and that children and young people are safe and well cared for.

This Code of Conduct promotes a whole school culture that is safe and inclusive and the accompanying guidance also enables staff members to be more knowledgeable about safeguarding situations in order to reduce the risk of allegations being made against them.

Staff are expected to adopt high standards of professional and personal conduct in order to maintain the confidence and respect of their work colleagues and the wider school community. The same high standards of professional and personal conduct must apply regardless of culture, disability, gender, language, racial origin, religious belief, and sexual orientation.

The School's values also set out the expectations of staff members with which staff members are expected to comply.

If staff are unclear on any aspects of the Code of Conduct then they should seek advice from their Line Manager or the Headteacher.

2. References

All references to 'child' and 'children' refer to any pupil or student at the School up to and including the age of 11.

The LADO is the Local Authority Designated Officer who manages child protection allegations against individuals who work with children and young people, whether in a paid or a voluntary position.

3. The Schools' Policies and Procedures

All staff must follow the School's Policies and Procedures.

Please note that a culture of openness and trust is promoted in this school and so staff are expected to report misconduct, or concerns (including safeguarding issues) using the appropriate school procedure if necessary. This means, 'thinking the unthinkable' and putting the lives of our children first in order to safeguard them against harm is an expectation of every member of our team.

In addition to this Code of Conduct all staff employed under Teachers' Terms and Conditions are expected to adhere to the Teachers' Standards.

All members of staff must comply with the Department for Education's statutory guidance entitled 'Keeping Children Safe in Education'. In order to locate the current document staff are advised to access the gov.uk website and search for the document by name within that website.

4. Safeguarding

All staff have a responsibility to keep children safe and to protect them from abuse (sexual, physical, emotional, and neglect) and safeguarding concerns.

Children have a right to be safe and to be treated with respect and dignity and adults are expected to take reasonable steps to ensure their safety and wellbeing. Children must be able to have trust in adults.

Staff must therefore adopt and promote the School's commitment to safeguarding and to promote the welfare of children to ensure that the welfare of children is paramount.

In relation to safeguarding, staff must make themselves familiar with the:

Acceptable use of technologies,
Allegations of abuse against staff,
Anti-Bullying Policy,
Behaviour Policy,
Child Protection Policy,
Safeguarding Policy
Health and Safety Policy,

Visitor code of conduct,
Safer Recruitment Policy,
Social Media Policy,
Trips Policy,
Whistleblowing Policy,
Procedures on the taking and using of images
of children.

All staff should also be aware of the South West Child Protection Procedures.

Staff must ensure that they comply with the School's Safeguarding Policy and in addition there are dos and don'ts in relation to safeguarding in Appendix B of this document.

5. Respect and Integrity

Relationships between staff should be characterised by fairness, openness and respect. This means valuing all contributions, acknowledging difference, and working together to build a climate of continuous improvement. Where differences occur they should be dealt with calmly and fairly.

Staff must also be courteous and supportive to the wider School community. Staff should aim to create a welcoming and open relationship with parents. All parental concerns should be treated seriously and dealt with promptly.

Staff must act with integrity, honesty, impartiality and objectivity in performing their duties.

Where a school staff member has been arrested by the police and/or is subsequently charged by the police, then that school staff member must inform the School of the situation. There is also an obligation on staff members to inform their Headteacher where they are convicted of a criminal offence or receive a caution once in employment.

6. Personal and financial interests

Staff must notify the Associate Headteacher or Executive Headteacher and declare any financial or non –financial interest, which they consider, could conflict with the School’s interests (please refer to Appendix A).

Where a staff member’s duties require them to deal with matters concerning outside organisations, bodies or individuals and where the employee is personally and/or directly or indirectly involved (e.g. they have a close personal relationship with an individual involved in one of these organisations or bodies) then the staff member must notify the Headteacher of the relationship.

Orders and contracts must therefore be awarded on merit and no preferential treatment must be shown to businesses run, for example, by friends, partners or relatives in the tender process.

Information obtained in the course of employment must not be used for personal gain or benefit, and it should not be passed to others who may use information in such a way.

7. Use of Financial Resources

All staff have a responsibility to look after the resources of the School. These are public funds which must be used in a responsible manner and in accordance with the financial regulations that apply to the School.

When a member of staff ceases employment at the school they must return all resources on loan to them e.g. text books, teacher manuals, laptops, cameras and keys.

8. Political neutrality

Employees should ensure that they do not use their position for political gain either as an individual or for any political group or allow their own personal or political opinions to interfere with their work.

9. Inventions, Patents and Intellectual Rights

Subject to prior approval from the Headteacher (the Headteacher should seek approval from the Chair of Governors) staff must not gain financially from the creation of an idea or an invention made in the course of the staff member’s specified duties and working hours.

Normal duties are those described or inferred in the job description as well as any notified temporary changes to duties.

10. Public relations, talking to the media and legal enquiries

For locally maintained schools, the local authority’s strategic communications team coordinate and manage all media relations including co-ordinating interviews, producing news releases, statements and lines to take.

It is advisable for staff to think very carefully before speaking to the media. Staff may wish to seek advice from their Headteacher or their Professional Association/ Trades’ Union Representative before doing so.

Members of staff should inform their Headteacher if they have been contacted by a legal representative in relation to a school matter e.g. to give evidence, however, a member of staff must personally decide whether or not to answer questions.

11. Professional behaviour and confidentiality

Staff should be punctual and well-prepared, and should carry out tasks to the best of their ability, taking pride in their work.

Staff are expected to dress appropriately (guidance should be sought from the Associate Headteacher if staff are unclear on 'dress'), and not wear clothing that could be viewed as offensive, revealing or sexually provocative.

Staff may have access to confidential information (in order to undertake their day to day responsibilities) about children, their families or school staff. This must be kept confidential at all times and only shared when legally permissible to do so or where it is in the interest of the child to do so (for example where abuse is alleged or suspected). Confidential information should never be shared with any person (including friends, partners, etc.) other than on a need to know basis. If staff are unsure as to whether to disclose information then they should seek advice from the Headteacher or the Chair of Governors- in relation to safeguarding then advice can be sought from the LADO (Local Authority Designated Officer).

12. Curriculum

Teaching staff need to take a proactive approach towards both child protection and behaviour policies, through the creation of a positive classroom environment where all children are respected, and through PSHE and the wider curriculum, in particular the school values will be taught and reinforced.

Many areas of the curriculum can include or raise subject matter which is sexually explicit or of a political or sensitive nature. Care should be taken to ensure that resource materials cannot be misinterpreted and clearly relate to the learning outcomes identified. Advice in this area should be sought from the School's Designated Safeguarding Lead. Care should be taken to ensure that resource materials cannot be misinterpreted and clearly relate to the learning outcomes as determined by the planning of lessons.

13. Staff's health and wellbeing

All staff are encouraged to look after their health and wellbeing. This includes maintaining a healthy work-life balance. We take issues of stress very seriously, and look to provide appropriate support and help in these cases. Staff needing support are encouraged to discuss issues and concerns with their Line Manager in the first instance, and thereafter with a Senior Leader/ the Headteacher. Support can be provided both internally e.g. through the provision of a mentor, or externally through the South Gloucestershire Counselling Service or through the Occupational Health Service. Professional Associations/Trades' Unions also provide help, support and advice for their members.

14. Breaches of the Code of Conduct

Staff need to be aware that there may be a disciplinary issue where there is a breach of the Code of Conduct. Please refer to the School's Disciplinary Procedure.

Physical abuse can include, but is not restricted to, grabbing, pushing, poking or slapping, restraining a child in a chair or locking that child in a room, punching or kicking, pulling hair or biting, tripping up or close up shouting and/or getting into personal space;
