

Respond to my world: Respecting our World

Children learn about the impact of fast fashion upon the world, with a particular focus upon the impact of cotton production. They explore ways in which we can be more environmentally friendly.

What is the impact of fast fashion on the world?

Children learn about their local community of Chipping Sodbury as a historic 'market town'. They compare how purchasing food has changed and then suggest ways to reduce their own food miles.

How can we encourage our community of Chipping Sodbury to lower their food miles?

Are all planets the same?

Children learn about Space, the Solar System and planets. They explore whether humans could live on another planet

Why are rainforests important?

Children explore the Amazon rainforest, its flora and fauna. They then reflect upon the impact of deforestation upon the ecosystem .

How can we protect wildlife at Raysfield?

Children learn about different animal groups and simple food chains. They complete a survey of the grounds and suggest ways to protect the wildlife

Children learn about plastic pollution and the impact this has upon animals and the environment.

What happens to our plastic?

Can animals live anywhere in the world?

Children learn that animals are suited to their habitats. Children begin to explore the negative and positive impact humans have upon animals and their habitats

What's beneath our feet?

Children learn about how Earth has changed over time. They learn about tectonic plates, mountains, volcanoes and earthquakes.

How can we improve the local ecosystem to attract more bees?

Children learn about the local eco-system and the flora and fauna it contains. They learn about the importance of bees. Children explore the positive and negative impact humans have bees.
