Nursery 1 Term 2 Overview

Outcome	Through stories, songs, play and hands-on experiences, children will begin to learn about their family, the people who care for them and the celebrations that are important to different families. We will encourage children to develop a sense of belonging, build positive relationships and celebrate what makes each child unique.						
Big Question	**Who is special to me?**						
By the end of the term children will know that:	• Every family is different and all families are special. • Families care for, love and help one another. • I belong to a family and am an important part of it. • We should be kind, respectful and caring towards others, even when their family is different from our own. • People celebrate different festivals and traditions, and these are important to their families and communities.
